

*Please see other side for info on how to Schedule your appointment.

Remember:

- *Please be 10 minutes early for your appointment, as we are on a very tight schedule. If you are not present at your appointment time, the next appointment will be started and we will have to work you in as time allows or you may have to reschedule.
- *Please allow 45 minutes to complete your portrait experience.
- *You will see your poses in a viewing session following your portrait appointment. You will need to select your pose for the directory at this time. If you decide to purchase additional portraits there will be order assistants available to help you with your decisions.
- *A special 10% discount will apply to all orders placed and 100% paid during your viewing. Cash, Check, Visa, MasterCard or Discover will be accepted.
- *If you have special needs or would like props or pets included in your portrait, please let us know when scheduling your appointment so Steph can be notified.

A light grey/white background will be used for all portraits.

This color works best with most clothing color choices.

Solid color clothing with long sleeves works best for adults, with contrasting colors or tones for children. Some poses will show below the waist so make sure to dress appropriately from head to toe!

We are very excited to offer "Create-A-Package" just for your directory at Steph's Studio! With Create-A-Package you are allowed to design exactly the portrait package you need, starting with a wall portrait of 11"x14" or larger then adding gift portraits of 8"x10" to 4"x6", and wallet sizes. There are also other discounted options such as greeting cards and portrait originals. This process offers all of the discounts normally available with portrait packages and you are able to select exactly what you need. Portraits may also be purchased **individually** at a slightly higher price. Please take some time before your session to make a list of your portrait needs.
