Pictures have always been my favorite way to capture special memories
and tell life stories. When our son and his fiance' wanted a photographer
for their wedding, I suggested Steph's Studio. Even though the wedding was
out of town, in Hastings NE. Steph was so willing to travel. She captured
so many beautiful memories on the special day. Steph and her crew are
so professional and easy to work with, I know we will be asking Steph's
Studio to preserve many more of our family memories.

What others are saying...

Steph's Studio was absolutely amazing on our special day. Steph was very professional, organized, and handled the children with patience while adding fun to our photo session. Steph and her sister Jo went above and beyond to please not only the bride and groom, but other family members as well. They were with us every step of the way, capturing all special moments. Steph's pictures are superb and of the highest quality. We couldn't have been more pleased and will treasure our priceless photos forever. We highly recommend Steph's Studio for any photographic need, big or small.

Steph and her team were great to work with on the wedding day. We loved that they took care of us, like keeping us hydrated and fixing the dress, but never pestered us. We loved seeing all the pictures that were taken but never knew they were there taking them. We were very pleased to have Steph's Studio be a part of our big day and enjoy the day with us as well as sticking around to get all pictures we could ask for.
Andrew & Kadi Bradfield ~ Laramie, Wyoming

Steph is a very professional but fun person to have wedding photos taken. She took beautiful pictures of both us and our families. She took candid shots taken that were really fun. I just love to look back and remember our day. My photos with my dad and I before I walked down the aisle were very cool. I love Steph's!

Steph did an absolutely amazing job on our wedding pictures. She went above and beyond and I couldn't be happier with the finished product. We have so many pictures it seems like we must have had three weddings, and for the price we paid, I couldn't be happier. Thanks a ton Steph!!

We wanted our day to be the best it could and remembered in a way that could only be told through pictures. Steph was able to capture moments that we never knew happened. Our wedding was one of those "had to be there" type events and Steph did a great job making sure she got the shots that count.

Thanks for making a great day easy to remember with fantastic pictures. Steph's Studio has captured our wedding, our family pictures and our son's one year pictures. They have been great every time. Thank you for the memories!

6 Reasons why Steph's Studio is the Wedding Portrait Studio for You...

- ♥ I love the romance that happens on the wedding day and I especially love to capture the emotion and beauty of the day. I use a blend of candid and portrait coverage that really balances well in the new composite wedding albums. They allow your entire story to be told from start to finish.
- ♥ I have dedicated my life to photography and the last 20 years to mastering, refining and expanding my craft. Because of my dedication to photography I received my Master Photographer degree from the Professional Photographers of America in 2009. I'm constantly learning and improving.
- ♥ I only devote my time and talents to photographing one wedding per day.
- ♥ Each wedding day has its share of bumps and hiccups. I have photographed well over 200 weddings in my career and I've developed a level of patience that assures each situation will be handled in a calm and respectful manner. I especially love when kids are involved in a wedding.
- ♥ My assistant and I are committed to making sure you look and feel the best you can all day long. We are here to make your special day the most memorable day ever.
- ♥ Along with 4 other associates we are located in Historic Downtown Alliance. Our business hours are M-F 8:30-5:30 and Saturday 8:30-noon. Each step, from processing your wedding images, to retouching the portrait to assembling your finished order is all handled in house. This means the quality level is maintained at the highest standard possible from start to finish.
